

Industry Partnerships: Guidelines

Issued 14 December 2018

Updated 22 August 2019

Screen Australia offers a limited number of partnerships with industry organisations in order to deliver activities that will significantly benefit the Australian screen industry in one-off domestic events or initiatives.

The aim is to create opportunities through new, original and inclusive approaches to the industry that will expand networks and grow the Australian industry.

WHAT

Screen Australia will consider funding a portion of a total activity budget up to a cap of \$30,000 per activity/activities conducted by an organization over the financial year.

WHO

Applicants must meet the general eligibility criteria for Screen Australia funding in the [Terms of Trade](#). In addition:

- The activity must be new, original and inclusive
- Funds cannot be provided retrospectively

Note: Screen Australia is not in a position to offer sponsorship funding.

HOW

Applicants can apply at any time through the [Application Portal](#) and include:

- Intended outcomes of the activity
- The actual plan outlining the details of the activity which may include speakers, panelists and facilitators, proposed participants and/or audience including any regional outreach, and the selection process where applicable
- Budget including the Screen Australia ask
- Background information about the applicant organisation and the experience and skills of relevant personnel to effectively run the activity

Note: Additional materials may be requested

Applications will be assessed by Screen Australia executives and/or industry specialists as required. When assessing applications for this program, we will take the following criteria into account:

- The proposed activity and whether it will benefit the Australian screen industry with its original, inclusive and distinctive approach to screen business.

Turnaround time for decisions is normally four weeks.

Funding through this program is provided as a grant.

Screen Australia will also continue to seek ways to strengthen and advance Australian practitioners through special initiatives in partnership with the guilds including the ADG, AWG & SPA.

We receive many more applications than we can support. Inevitably, some applications will be unsuccessful and applicants will be disappointed by this result. However, our decision is final.
