1. About this funding program

1.1. Overview

Screen Australia is now accepting applications for funding for partnerships which exhibit unique benefits to the Australian screen industry.

Proposed events may be platform-agnostic, target specific areas in film, television, direct to audience content or games - or a combination.

The aims of the program are to:

- create opportunities through new, original and inclusive approaches to the industry that will expand networks and grow the Australian screen industry.
- support impactful events, which are evolving to be relevant to future audiences and the changing needs of the Australian screen industry.

1.2. Available funding

Funding is available for one, two or three years at Screen Australia's discretion.

Due to the limited nature of Screen Industry Partnership funding, applicants are required to discuss the scope and details of their proposal with Screen Australia before applying.

Contact the Program Operations team if you are unsure of who to speak with on 1800 507 901 or at industrydevelopment@screenaustralia.gov.au.

Note: Screen Australia is not in a position to offer sponsorship funding.

2. Equity, Diversity, Inclusion & Accessibility

For Australian screen content to deliver cultural and economic benefits it must speak to, and be for, all Australians. A range of ideas and a diverse workforce will enhance the Australian screen industry, making it more relevant to Australian audiences and more competitive internationally.

Screen Australia is committed to building equity, diversity, inclusion and accessibility into its programs and into our engagement with the community.

Screen Australia encourages applications from applicants from all backgrounds, cultures and experiences. In particular, the agency welcomes applications from applicants from under-represented groups.

Screen Australia strives to make its programs accessible by removing barriers for people who are d/Deaf, disabled and/or those from culturally and linguistically diverse backgrounds.
