Complaints arising from funding decisions

All funding program decisions made by Screen Australia are, in principle, final. Complaints about funding decisions, whether they relate to the handling or assessment of an application can only be reviewed on grounds where the procedural integrity of the process is called into question or where there is a perceived issue relating to the probity of the process. Such consideration may only arise from one or more of these circumstances:

- The decision has failed to consider relevant information included in the application
- The decision makers have misinterpreted evidence or information included in the application
- There is a perceived or apparent influence of bias or favouritism in the decision making.

Requests for a review of a decision must be made in writing by the applicant and be made within 30 calendar days of the applicant being notified of the initial outcome.
