

Senate Order for Entity Contracts listing relating to the period 1 January 2021 to 31 December 2021.

Pursuant to the Senate Order for entity contracts, the following table sets out contracts entered into by Screen Australia, which provide for a consideration to the value of \$100,000 or more (GST Inclusive) and which:

- a. Have not been fully performed as at 31 December 2021, or
- b. Which have been entered into during the 12 months prior to 31 December 2021.

Most of the contracts listed contain confidentiality provisions of a general nature that are designed to protect the confidential information of the parties that may be obtained or generated in carrying out the contract.

The reasons for including such clauses include:

- a. Ordinary commercial prudence that requires protection of trade secrets, proprietary information, sensitive business information and the like and/or
- b. Protection of other Commonwealth material and personal information.

The accountable authority of Screen Australia has assured that the listed contracts do not contain any inappropriate confidentiality provisions.

The estimated cost of complying with this order was approximately \$1,000.

Basis of method used to estimate the cost: Applying salary costs to the number of hours spent by staff across various Departments to collect and analyse the information.
